

Are you **aged 40-70?** Have you had an NHS Health Check?

The 30 minute check can find early signs of:

- ♥ Heart disease
- ♥ Kidney disease
- ♥ Diabetes
- ♥ Stroke or Dementia

Spotting risks early means you can make changes and have the best chance of staying healthy.

If you haven't been invited for a check and aren't receiving treatment for a pre-existing condition, then call us on **01388 528 555**.
